For My Mommy (the cry of an unborn child) Hello Mommy, this is me, your baby-I'm just a tiny someone, Floating in your tummy, feeling snug and warm. When God made me, He gave me a soul And sent a special angel to look after me And an angel to look after you, too. I'm growing a little bit every day, And soon I'll get my own fingers and toes.

When a baby cries inside her mother's womb, it is indicative of well-developed coordination between her brain, her nervous system, and her body. Improved coordination is a sign that your baby's growth is adequate, and her responses to external stimuli are developing. Crying inside the womb could also indicate one or all of the following:

## **Do Babies Cry in the Womb: Causes, Signs & Importance**

A Cry From The Womb: Healing the Heart of the World is a spiritual guide for connecting with and healing the souls of children lost to sudden death, miscarriage, stillbirth or abortion. A disclaimer warns that A Cry From The Womb is strictly a spiritual book and does not offer any medical counsel, nor does it replace proper care from a physician.
