In 1816, the U.S. Congress decided to give the newly formed State of Indiana four square miles of land to lay out a capital city. Just where the capital city would be platted, however, was unknown. Four years later, the spot was finally chosen near where Fall Creek meets the White River. From that moment forward, despite a few bumps along the way, Indianapolis began its development into one of the nation's great cities. Over the course of that development, many buildings, companies, legends, and people have

A longtime hit of the Cartoon Network, Gundam Wing remains one of the most recognized Japanese titles in recent history spinning off a number of movie, books, and model kit collections. "The Glory of Losers" retells the original WING story by incorporating elements of the anime and its recent light novel adaptations. Following the actions of five fighters and their mobile suits (large robots made for destruction), Gundam Wing is a heavily political, dramatic action work that is centered around a war between Earth and its surrounding colonies in space.

homicidal twisted 'Dreamhealer' who snares his victims via a website called worstnightmares.net. He then seduces them into revealing their innermost fears and kills them by revisiting their very own nightmares upon them, magnified a hundred fold. Sweeping aside the dangers of plagiarism, Nolan reworks the manuscript, at the same time researching the 'fictional' killings. But are they 'fictional'? And could Nolan be writing his own ticket to death?
