Over 100 short examples demonstrate writing concepts and strategies, so that they can recognize them more easily in the longer reading selections and apply them in their own compositions. Instruction is kept brief and to the point, so that students spend more time writing and less time reading about writing. Perfect for those seeking support for participating in academic discourse for the first time, this four-in-one guide may be the only text students will need for the composition course. * The 8th Edition introduces sweeping changes to the philosophy and details of MLA works cited entries. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and critical thinking over rote recall and rule-following.
