Cities and the Modern World is a book by Steven Berlin Johnson in which he describes the most intense outbreak of cholera in Victorian London and centers on John Snow and Henry Whitehead. It was released on 19 October 2006 through Riverhead.

The Ghost Map - Wikipedia

This is a story of a patient and thoughtful man who persists in his investigation and stops a fearsome epidemic, ends suffering and death, and defeats the popular miasma theory. An inspiring story and the author tells it well with new perspectives and impeccable research. But where are the all-important maps?
