The Letters of Theodore Roosevelt: 1914-1919 v. 8: The ...

Roosevelt wrote three books inspired by his Western sojourn and, after returning to politics, helped conserve 230 million acres of land in a legacy that led to the creation of the National Park Service in 1916. The nearby Theodore Roosevelt National Park draws about 700,000 people each year.

This collection of letters from the 26th President of the United States to his six children was an immediate bestseller when it was originally published in 1919, shortly after Roosevelt's death. Written between 1898 and 1911, the letters show Roosevelt as a devoted and encouraging father, with a sense of humor and a skilled sketching hand.

Theodore Roosevelt (1857-1919) was the most literary of American Presidents, writing scores of books, including *Through the Brazilian Wilderness* and *African Game Trails*. He was also the most active of American writers. In little more than six decades, Roosevelt was, among many of his activities, a rancher, historian, reformer, New York City Police Commissioner, renowned hunter, New York State Governor, conservationist, Vice President of the United States, and 26th President of the United States.

What is less known is that Roosevelt was also one of the great epistolary writers, penning more than 100,000 letters. This collection brings together over 1,000 of Roosevelt's most engaging and revealing letters, ones that fully illuminate the private man and the public figure.

The Letters of Theodore Roosevelt constitute a major contribution to the field of American history and literature. At the same time, they present an autobiography of matchless candor and vitality. They are at once a mine of information for the historian, a case study in astute and vigorous political leadership, and a delight to the general reader. All the letters needed to reveal Roosevelt's thought and action in his public and private life are included, with appropriate editorial comment; and each is printed in its entirety. In the letters of 1901-1905, Roosevelt consolidates his position as President and party leader, settles the coal strike, deals with the politics of the Panama Canal, expands the Navy, extends the sphere of American interests abroad, achieves the Presidency in his own right, and works with the Russians and the Japanese to make the Peace in Portsmouth.

Collects 367 letters written between 1881 and 1919 in a volume that features his correspondences with such individuals as Rudyard Kipling, Upton Sinclair, and FDR and the texts of four key speeches including "The Strenuous Life" of 1899, "The Big Stick" of 1901, "The Man in the Arena" and "The New Nationalism" of 1910.

WINNER OF THE PULITZER PRIZE AND THE NATIONAL BOOK AWARD • Selected by the Modern Library as one of the 100 best nonfiction books of all time This classic biography is the story of seven men—a naturalist, a writer, a lover, a hunter, a ranchman, a soldier, and a politician—who merged at age forty-two to become the youngest President in history. The Rise of Theodore Roosevelt begins at the apex of his international prestige. That was on New Year's Day, 1907, when TR, who had just won the Nobel Peace Prize, threw open the doors of the White House to the American people and shook 8,150 hands. One visitor remarked afterward, "You go to the White House, you shake hands with Roosevelt and hear him talk—and then you go home to wring the personality out of your clothes." The rest of this book tells the story of TR's irresistible rise to power. During the years 1858-1901, Theodore Roosevelt transformed himself from a frail, asthmatic boy into a full-blooded man. Fresh out of Harvard, he simultaneously published a distinguished work of naval history and became the fist-swinging leader of a Republican insurgency in the New York State Assembly. He chased thieves across the Badlands of North Dakota with a copy of Anna Karenina in one hand and a Winchester rifle in the other. Married to his childhood sweetheart in 1886, he became the country squire of Sagamore Hill on Long Island, a flamboyant civil service reformer in Washington, D.C., and a night-stalking police commissioner in New York City. As assistant secretary of the navy, he almost single-handedly brought about the Spanish-American War. After leading "Roosevelt's Rough Riders" in the famous charge up San Juan Hill, Cuba, he returned home a military hero, and was rewarded with the governorship of New York. In what he called his "spare hours" he fathered six children and wrote fourteen books. By 1901, the man Senator Mark Hanna called "that damned cowboy" was vice president. Seven months later, an assassin's bullet gave TR the national leadership he had always craved. His is a story so prodigal in its variety, so surprising in its turns of fate, that previous biographers have treated it as a series of haphazard episodes. This book, the only full study of TR's pre-presidential years, shows that he was an inevitable chief executive. "It was as if he were subconsciously aware that he was a man of many selves," the author writes, "and set about developing each one in turn, knowing that one day he would be President of all the people."
