world. These case studies cover a broad variety of service and product industries: retail, wholesale, mail order, and Internet. You'll discover the trials and rewards of starting a travel agency, launching a new glass-cleaning product, setting up a fashion Web site, and selling women's hosiery through direct mail. Other studies cover ventures in the computer industry, the restaurant business, automobile service franchising, and business consulting. Each case study is illustrated with exhibits -- financial statements, business plans, sample contracts, and more -- and many are supplemented with end-of-chapter questions that help you analyze the viability of each entrepreneurial venture and test your ability to respond to the challenges you'll face in pursuit of

Written by faculty members, covers first year MBA program topics such as marketing, economics, and management; and includes case studies, an entrepreneurship guide, and discussion about the future of business.

A formidable strategic tool any business can use to become and remain competitive in the shadow of retail giants.

Jump Start Your Business Brain details data-proven methods that can make your sales, marketing and business development measurably more effective. What makes this book unique is that the methods detailed are

Access Free The Portable Mba In Entrepreneurship

backed up with hard data. They're grounded in statistical analysis of the success and failures of more than 4,000 new products and services, and more than 6,000 innovation teams. The research quantifies the impact of a back-to-basic, customer-focused approach to sales, marketing and business development. The research also uncovers news regarding how you can measurably increase effectiveness in today's super-competitive, time-compressed and overstressed marketplace. It's the perfect book for today's up-and-coming executive.

The latest volume in the popular management series introduces a series of practical methods for competing to win in today's marketplace while laying the
