It's important to understand the difference between a financial audit, which is normally conducted by Certified Public Accountants (CPAs), and a forensic audit, which is normally conducted by certified fraud examiners (CFEs) and/or individuals certified in financial forensics (CFFs). What is a financial audit?

Financial Audit:

**What's the
Difference?**

Auditing is the general check to verify the accuracy of the accounts. But in certain cases, a more in-detail look is required into specific areas. This is what we call an investigation which forms a part of forensic accounting. So let us further study the concept and differences of auditing
