Since it's a search engine. browsing for books is almost impossible. The closest thing you can do is use the Authors dropdown in the navigation bar to browse by authors—and even then, you'll have to get used to the terrible user interface of the site overall.

Informal Writing And Formal Textual
Formal writing is that form of writing which is used for the business, legal, academic or professional purpose. On the other hand, informal writing is one which is used for personal or casual purpose. Formal writing must use a professional tone, whereas a personal and emotional tone can be found in informal writing.

Difference Between Formal and Informal Writing (With ...
Informal language is how you communicate with people you know well and can relax around. It tends to resemble the way people converse out loud more than formal writing does, and it may feature more contractions ("they're" instead of "they are") as well as slang, abbreviations, and expressions of emotion—even exclamations!

Formal vs. Informal Writing: A Complete Guide
A formal writing style is not necessarily "better" than an informal style, rather each style serves a different purpose and care should be taken in choosing which style to use in each case. Writing for professional purposes is likely to require the formal style, although individual communications can use the informal style once you are familiar with the recipient.
