Signature Initiatives & Programs

Institute for Community Engagement and Civic Leadership ...

Civic engagement is more than just a set of practices; it is also a set of conditions. The civic engagement environment is not only informed by what we practice, but by how we are positioned in our communities. This environment exists in the interconnection of our community and individual lives. How we practice civic engagement is tied to our access to resources and opportunities, which is dependent upon the (perceived and intended) motivations behind issue-specific public engagements.
