Ranking Task Exercises in Physics are an innovative type of conceptual exercise that asks students to make comparative judgments about variations on a particular physical situation. It includes 200 exercises covering classical physics and optics.

## **Ranking Task Exercises in Physics: Student Edition**

Ranking Tasks are an innovative type of conceptual exercise that asks students to make comparative judgments about a set of variations on a particular physical situation. Those who have used Ranking Tasks have found that they frequently elicit students' natural ideas, rather than a memorized response, about the behavior of a given physical system.

## **Amazon.com: Ranking Task Exercises in Physics ...**

This book features Ranking Task exercises - an innovative type of conceptual exercise that challenges readers to make comparative judgments about a set of variations on a particular physical situation. Two-hundred-and-eighteen exercises encourage readers to formulate their own ideas about the behavior of a physical system, correct any misconceptions they may have, and build a better conceptual foundation of physics.
